Introduction

Agriculture is the backbone of northern Nigeria, home to over 70 percent of the country's farmland, yet outdated methods, post harvest losses, weak infrastructure, and a generation of youth who see farming as a fallback rather than a future have held the region back. The Kano Agri-Tech Fest 2026 is where that changes.

From 12 to 14 November 2026, e360 Africa (Efficiency 360 Technologies Ltd.) will bring together over 1,400 farmers, students, agri-tech innovators, government officials, and development partners across three days and three venues in Kano State: ABCOAD Dambatta, BUK New Campus, and Meena Events Centre.

This is not a trade show. It is a working platform where technology meets policy and youth meets opportunity, culminating in the public launch of FaWCOS, e360 Africa's flagship farm data and intelligence platform, on the final day.

Under the theme "Feeding the Future: Technology, Intelligence, and Youth as Africa's Agricultural Sovereignty," each day builds toward this: Day 1 focuses on students and innovation, Day 2 on farmers and research, and Day 3 on policy, investment, and scale, fully livestreamed to a national audience.

Through this prospectus, e360 Africa invites a select group of organisations to partner with us in building the most credible and visible agricultural technology platform northern Nigeria has ever seen.

01. WELCOME MESSAGE

Moses Okugbo (Moe)

CEO, E360 AFRICA | EFFICIENCE 360 TECHNOLOGIES LTD.

Dear Valued Partner,
Northern Nigeria stands at a turning point. Agriculture has always been the lifeblood of this region, but for too long, its potential has been constrained by outdated methods, post-harvest losses, absent infrastructure, and a generation of young people who see farming as a last resort rather than a first opportunity. The Kano Agri-Tech Fest 2026 exists to change that.

From 12 to 14 November 2026, we will bring together over 1,400 farmers, students, agri-tech innovators, government officials, and development partners across three powerful days and three landmark venues in Kano State. This is not a trade show or a conference dinner. It is a platform where technology meets policy, where youth meets opportunity, and where the future of food in northern Nigeria is genuinely shaped.

We are inviting a select group of organisations to stand with us as sponsors, exhibitors, and partners.

Your investment in this Fest is an investment in a region, a generation, and a transformation that is already underway. Every naira committed to this event goes directly towards building the most credible, most impactful, and most visible agricultural technology platform the North has ever seen.

We have designed this prospectus to give you everything you need to make a confident decision. Read it carefully, ask us questions, and let us find the right fit for your organisation. We look forward to welcoming you to Kano.

Moses Okugbo (Moe)

Event Director, Kano Agri-Tech Fest 2026

CEO, e360 Africa | Efficiency 360 Technologies Ltd.

02. ABOUT E360 AFRICA AND FAWCOS

e360 Africa (Efficiencie 360 Technologies Ltd.) is a Nigerian agricultural technology company headquartered in Kano, dedicated to transforming African agriculture through data, technology, and capacity building. Founded by Moses Okugbo and Echoda Joshua, e360 Africa operates with one defining mission: to move Africa food production more Predictably, Profitable and Sustainable.

FaWCOS — Farm Work Control and Optimisation Suite

FaWCOS is e360 Africa's flagship digital platform and the Highlight of the Kano Agri-Tech Fest 2026. It is a two-sided agricultural data management platform that enables smallholder farmers to maintain verifiable digital farm records, access financial intelligence tools, and build the data profile needed to access formal credit, government support programmes, and institutional market linkages.

FaWCOS works offline, supports voice and text input in Hausa, English, as well as other common local Nigerian languages and generates reports that farmers can share directly with banks, cooperatives, government agencies, and buyers. A farmer with twelve months of FaWCOS records has a compelling, verifiable track record. That is the kind of infrastructure that transforms subsistence farming into bankable enterprise. FaWCOS will be officially launched to the public on the Final Day of the Fest.

03. ABOUT THE FEST

The Kano Agri-Tech Fest 2026 is northern Nigeria's first youth-centred precision agriculture conference. It is organised by e360 Africa and runs across three days in November 2026, each with a distinct venue, audience, and sub-theme. Together, the three days build a single, powerful narrative: technology is the future of food, and northern Nigeria's youth are the ones who will deliver it.

04. WHY SPONSOR THIS FEST

1. Access to a Market That Is Ready

Northern Nigeria represents one of the largest underserved markets for financial services, technology, agri-inputs, and digital solutions in sub-Saharan Africa. Over 70 percent of Nigeria's agricultural land is in the North. The farmers, students, and entrepreneurs attending this Fest are your future customers, borrowers, subscribers, and partners. This event puts you in the room with them for three consecutive days.

2. Government Is in the Room

The Fest is being developed in direct alignment with federal and Kano State government agricultural priorities. Senior federal and state government representation is being pursued for Day. Your brand is positioned alongside the highest level of Nigerian agricultural policy in the North, in full view of government decision-makers and institutional partners.

3. This Is Not a Logo-on-a-Banner Event

Every sponsorship tier in this prospectus includes a substantive engagement opportunity, whether a speaking slot, a panel naming right, a product launch moment, an exhibition booth, or a direct farmer engagement session. Your investment buys presence, not just visibility.

4. The Media Footprint Is Serious

The Fest will be covered by a professional media house with a full production team. Day 3 is fully livestreamed. Radio advertising runs on local Kano stations throughout the event period. A professional documentary film will be produced and distributed nationally to government, development partners, and media. Social media campaigns are projected to reach an estimated two million impressions. Your brand travels far beyond the room.

05. AUDIENCE PROFILE

The Kano Agri-Tech Fest 2026 is designed to attract a deliberately diverse audience across all three days. Each day draws a distinct primary audience, creating three different sponsor engagement contexts within one event investment.

Audience Segment	Est. Proportion	Primary Day
Students and young agropreneurs	35%	Day 1
Smallholder farmers and cooperatives	25%	Day 2
Agri-tech companies and exhibitors	15%	All days
Government officials and policymakers	10%	Day 3
NGOs, development partners, and international agencies	10%	Day 2 and Day 3
Media and documentation	5%	All days
TOTAL	1,400 to 2,000	3 days

1. Definitions

- Agreement means these Terms and Conditions together with the Sponsorship Application Form and the Sponsorship Prospectus.
- Event means the Kano Agri-Tech Fest 2026, scheduled for 12, 13, and 14 November 2026 in Kano, Nigeria.
- Organiser means e360 Africa, Efficiencie 360 Technologies Ltd., a company registered under the laws of Nigeria.
- Sponsor means the organisation that has submitted a Sponsorship Application Form and whose application has been accepted by the Organiser.
- Sponsorship Fee means the amount payable for the selected sponsorship tier or a la carte opportunity as confirmed in the invoice issued by the Organiser.
- Sponsorship Package means the tier or a la carte opportunity selected by the Sponsor in the Application Form.
- Force Majeure means any event beyond the reasonable control of either party, including but not limited to natural disasters, war, civil disorder, pandemic, or governmental action that prevents fulfilment of contractual obligations.

2. Acceptance of Terms

By submitting a completed Sponsorship Application Form, the Sponsor acknowledges and agrees to these Terms and Conditions in full. The Agreement comes into effect upon written confirmation of acceptance by the Organiser.

3. Payment Terms

- The full Sponsorship Fee must be received by the Organiser within 7 days of the issuance of the invoice, unless a different payment schedule has been formally agreed in writing.
- Payment is accepted via bank transfer. Bank details will be provided in the invoice.
- Sponsorship slots are not confirmed and benefits will not be activated until full payment has been received.

- Late or non-payment may result in cancellation of the Agreement without refund of any amounts already paid, and the sponsorship slot may be offered to another organisation without further notice.

4. Cancellation and Refund Policy

- Cancellations received in writing more than 60 days before Day 1 of the Event (12 November 2026) will be subject to a 50 percent administrative fee. The remaining 50 percent will be refunded.
- Cancellations received less than 60 days before Day 1 are not eligible for a refund, as costs and commitments will have been incurred on the Sponsor's behalf.
- If the Organiser cancels the Event due to circumstances within its control, confirmed Sponsors will receive a full refund of all amounts paid.
- If the Event is cancelled or postponed due to Force Majeure, confirmed Sponsors will be offered the option to transfer their sponsorship to the rescheduled Event under the same terms, or to receive a pro-rata refund of amounts paid minus costs already committed on their behalf.

5. Sponsorship Benefits and Deliverables

- The benefits associated with each Sponsorship Package will be delivered as outlined in this prospectus, subject to the Sponsor's timely submission of all required materials and full payment of the Sponsorship Fee.
- The Organiser reserves the right to substitute a benefit of equal or greater value if circumstances require. The Organiser will notify the Sponsor in writing of any such substitution.
- Bespoke arrangements agreed outside the standard tiers must be confirmed in a separate written addendum signed by both parties.

6. Submission of Materials

- The Sponsor is responsible for providing all logo files, brand assets, promotional materials, and any other content required for the fulfilment of their sponsorship benefits, by the deadlines communicated by the Organiser.

10. Force Majeure

- Neither party shall be liable to the other for any delay or failure to perform obligations arising from a Force Majeure event, provided that the affected party notifies the other in writing within 14 days of the occurrence.
- The Organizer will endeavor to reschedule the Event within six months of the original date if cancelled due to Force Majeure. Sponsors will be offered the option to transfer their sponsorship to the rescheduled Event or to receive a pro-rata refund as described in Clause 4.

11. Confidentiality

- Both parties agree to keep confidential all proprietary information exchanged in connection with this Agreement, including sponsorship fee amounts, marketing strategies, and attendee information not publicly disclosed.
- This confidentiality obligation survives the termination of this Agreement.

12. Governing Law and Dispute Resolution

- This Agreement shall be governed by and construed in accordance with the laws of the Federal Republic of Nigeria.
- In the event of a dispute, the parties shall first attempt resolution through good-faith negotiation within 14 days of written notice of the dispute.
- If negotiation does not resolve the dispute within 30 days, the matter shall be referred to mediation administered by a mutually agreed mediator in Kano, Nigeria. If mediation fails, the dispute shall be submitted to arbitration in accordance with the Arbitration and Mediation Act of Nigeria. The seat of arbitration shall be Kano. The arbitral award shall be final and binding.

13. Amendments

Any amendments to these Terms and Conditions are valid only if made in writing and signed by authorised representatives of both parties. Verbal agreements or understandings do not constitute valid amendments.
